## Henderson Canyon Loop 16.5 Miles

From Christmas Circle head east on Palm Canyon Drive, passing the Borrego Valley Airport, on your left. The highway then swings in a big curve to the left, with a nice view of Fonts Point directly in front of you. Continue around the curve and the straight section that follows until you come to the junction with Henderson Canyon Road. Turn left onto Henderson Canyon Road and continue straight ahead, all the way to Borrego Springs Road. Swing to the left onto Borrego Springs Road and then turn left onto Big Horn. There are several interesting sculptures in this area, including the Scorpion and Grasshopper, and the grape workers. Turn left onto DiGiorgio and continue to Palm Canyon Drive, turn left and you return to Christmas Circle.
